

BETTER BUSINESS MANAGEMENT – Manage It or Lose It® !!!

Starting a new business or reassessing your existing business

It is estimated that almost 30% of new businesses fail within the first year, and 63% fail within the first 5 years. It is also estimated that these business fail not because of the lack of training or skill of the business owner in delivery of the product or service but in the lack of training or skill in operating or managing a business.

Managing a business through the 'start-up' and 'growth' phase requires a distinct set of skills and actions designed to create a solid foundation for expansion.

MCA® – Business Education & Training has established this course as a means to help small to medium sized businesses by offering practical support to assist during this period. Developed from a team of business management, legal, marketing, and accounting specialists with many years of experience in the building industry, this course covers these areas with practical tips and information to guide business owners through the maze of issues they encounter.
